VirtualFem™

After a long day at work, does it get any better than having your girlfriend waiting for you on a sexy red lingerie? Tera already knows the answer, she is a naughty girlfriend who loves to masturbate and to get playful with her feet, that she uses it to make your cock hard before pleasing you.

She loves to swallow, but if you have a foot fetish, this naughty brunette would be pleased to give you a footjob until she feels your warm cum running down her feet.
